

5. Give the appropriate technical term for each of the following statements.

- a. Collection of program.
- b. Device used to supply data and instructions.
- c. Physical part of a computer.
- d. A set of detailed, step-by-step instructions that tells a computer how to solve a problem or carry out a task.
- e. Program stored in ROM.

5. Give the appropriate technical term for each of the following statements.

- a. The very powerful computer.
- b. The computer which posses continuous data.
- c. The computers that uses microprocessor as their CPU
- d. The device which converts analog signal to digital and vice versa.
- e. The digital device that is either strapped to or carried on a user’s body.

Write the full form:

- 1. CPU
- 2. GIGO
- 3. ROM
- 4. RAM
- 5. ALU
- 6. CU
- 7. IBM
- 8. PC
- 9. IT
- 10. ICT
- 11. ATM
- 12.E-commerce
- 13. SMS
- 14. ETA
